Where to Submit Application: The Bureau of Construction Codes is responsible for code enforcement in units of government throughout the state which have no local inspection authority and for all state-owned buildings as well as school building construction where a local delegation of authority does not exist. Prior to applying for a permit, please review the Statewide Jurisdiction List for anything other than K-12 Educational Facilities. For K-12 Educational Facilities please review the Local School Construction Enforcement List. This information is updated regularly due to changes in the construction code enforcement authority as they may be conducted by either the state, county, or local unit of government. A permit application must be submitted to the appropriate enforcing agency based upon these lists. Permit applications should be sent to the address on the first page of this application. Questions regarding issued permits may be directed to [bccpermits@michigan.gov](mailto:bccpermits@michigan.gov) or 517-241-9313.
